

ON-TIME COMPLETION RATE FOR EACH PROGRAM AREA

On-time graduation is defined as completing the specified program in a one or two year time period, based on the degree level as reported to SURDS.

1 student could not be matched to their first term attended.

CIP	Program	AY 10 Completers	AY 10 On-Time Completers ₂	AY 10 On-Time Completion Rate

₁ The LPN Certificate is a competitive entry program which requires a series of prerequisites. By the nature of this program if a student completes the program, they would necessarily complete on time

₂ On Time completion is based upon continuing enrollment in a Degree or Certificate program, Prior enrollment as a concurrent enrollment student. Or previous completion of a different program are not included in the calculations for on-time completion.
